## Blanketing

We will be moving toward winter blanket season, and ask that you put fly gear away by October 15. We are streamlining blanketing again this year in an effort to have less discrepancies. Remember we need clips rather than belt type (buckle) closures on the chest straps, and if you want a hood used it must be attached. There is no blanketing fee, but we ask that in return, you stay within the below categories, get the correct clips on your blankets, and label them to help simplify the process. Put dog-tags on your blankets and label them with name and temperature.

Blanketing options are as follows:

**Tip Top Blanketing:** Sheet above 55, Med Weight 25-55, Heavy Weight below 25

### Welcome to Jojo and Dos!

Jojo is back at RRF and we are so happy! Welcome also to Dos, who is settling in well.
